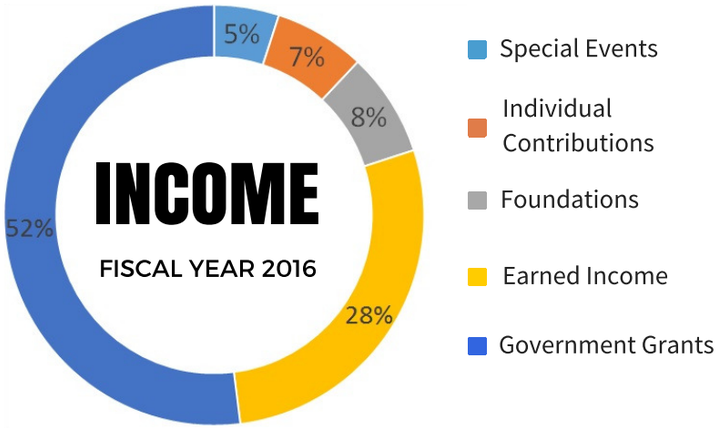
think360 ARTS FOR LEARNING

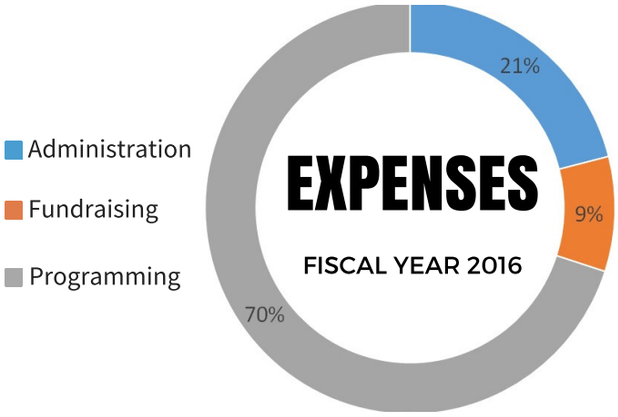
2016 Community Report

Our 2016 fiscal year has been filled with incredible opportunity and exceptional growth. The number of teachers and students we have reached in the first six months of 2016 puts us on track for a record-setting year. We have added new staff, artists, and board members that are excited about **our vision to create a community that embraces the arts as a fundamental tool to enhance learning.**

37,414	3,811	464
students served	teachers served	programs delivered
24% increase from FY 2015	111% increase from FY 2015	10% increase from FY 2015

We are thrilled about our progress and continue to strive toward **collaboration, equity and access, diversity, creativity, quality, and fun** in all we do. **Our mission to lead Colorado in cultivating and sustaining the arts as essential to all learning through creative experiences for students and teachers** was realized through programs in 25 different counties throughout the state. We implemented over **400 workshops, performances, and residencies** for K - 12 students with instruction in music, theater, dance, visual, literary and digital arts.





During the **26th annual Institute for Creative Teaching,** educators worked with Think 360 artists and **the University of Denver's Morgridge College of Education** to learn arts integration theory and how to engage their students through the arts. This is one of the many professional development workshops we conduct. As we look to 2017, we are moving full steam ahead with the **Think 360 Arts Strategic Plan** to strengthen our board, increase awareness of our organization, and maintain financial strength.

BOARD of Directors

Chris Ebbs - Co-Chair
First Bank Holding Company

Michael Mowry - Co-Chair
Mowry Studio

Marnie Levine - Treasurer
Janus Capital Group

Dimitri Adloff - Secretary
Otten Johnson Robinson Neff + Ragonetti
